

List of Tables

1	List of radiocarbon dates (yr BP) and calendaric ages (yr BC) for the Early Natufian.	73
2	Preliminary counts of the Natufian lithic assemblage.	79
3	Distribution of core types.	81
4	Counts of Natufian tool classes (squares I40-I42).	86
5	Preliminary counts of the Upper Palaeolithic assemblage of square I42.	88
6	Distribution of Upper Palaeolithic core types.	88
7	Counts of tool classes in the Upper Palaeolithic assemblage of square I42.	92
8	Composition of the groundstone assemblage.	96
9	Main composition of ochre fragments.	111
10	Chemical composition of iron oxides.	114
11	Natufian pollen spectra from el-Wad Cave.	123
12	Natufian wood remains from el-Wad.	124
13	Exploitable plant species of the surroundings of Nahal Sefunim.	141
14	K-Ar ages of Carmel basalts and basalt artefacts from el-Wad.	155
15	Age distribution of potsherds at el-Wad.	188
16	El-Wad - Species and body part distribution.	202
17	Measurements of el-Wad canids.	204
18	Measurements of el-Wad faunal material.	208
19	El-Wad - Fusion and ageing.	215
20	El-Wad - Carnivore modifications.	219
